Unleash Your Imagination ... Have **fun** at Lekotek Computer Camp!

Lekotek provides a unique summer experience for children with disabilities, their siblings and/or friends. Using diverse software and input devices, kids benefit from independent and group participation.

Campers experience fun-filled, challenging activities that develop literacy, communication, fine motor, cognitive, and recreational abilities. Children with and without disabilities play and learn together in an environment that facilitates success.

Please discuss whether camp is appropriate for your child with your Lekotek Leader prior to registration. Many children experience sensory overload when participating in large groups. Camp is most appropriate for a child who can attend to the computer for at least 15 to 20 minute periods.
