

## 2017 Apps of the Month

JANUARY:

[Color Band](#) By Ting-Wei Liu

ColorBand not only allows you to play sounds in mid air using the iPads built in camera but is also a complete sound sandbox and art creation tool packed full of fun for you and your kids.

FEBRUARY:

[Model Me Going Places 2](#) By Model Me Kids, LLC

Model Me Going Places™ is a great visual teaching tool for helping your child learn to navigate challenging locations in the community. Each location contains a photo slideshow of children modeling appropriate behavior.

MARCH:

[Finger Paint with Sounds](#) By Inclusive Technnology Ltd

Finger Paint with Sounds offers a fun alternative to help children with special needs and others to practice their first interactions with a touch screen. Simply choose a colour and draw with music, fun sound effects or no sound at all.

APRIL:

[Kids Balloon Pop Game](#) By App Family AB

A classic balloon popping game for kids, with colorful graphics, cute animals and various backgrounds! You can even adjust the speed and size of the balloons your baby or child's skill level.

MAY:

[Play PBS KIDS Games](#) By PBS KIDS

Play over 50 free learning games with your favorite PBS KIDS characters anytime, anywhere. Play PBS KIDS Games features top shows, including Daniel Tiger's Neighborhood, Wild Kratts, Sesame Street, Super Why, The Cat in the Hat Knows a Lot About That!, Dinosaur Train and more.

JUNE:

[Baby's Musical Hands](#) By Streaming Colour Studios

Simple music-making app that rewards babies and toddlers with musical sounds and colorful starbursts whenever they touch the screen. The iPad version features 15 squares that produce different piano, guitar, and percussion sounds, while the iPhone and iPod Touch version features 10 instruments (piano and guitar only).

JULY:

[Monkey Preschool Lunchbox](#) By THUP Games Learn and have fun by helping monkey pack lunch! Monkey Preschool Lunchbox is a collection of seven exciting educational games for your preschooler (ages 2 to 5).

AUGUST:

[My PlayHome](#) By PlayHome Software LT  
Virtual dollhouse encourages creative play. Imagine a doll house where your child can use everything, even the closets, TV and shower. Where you can fry an egg and feed the family pizza. Where you can pour drinks, blow bubbles and turn out the lights.

SEPTEMBER:

[LEGO DUPLO Train](#) By Lego System A/S  
All aboard! Driving the colorful LEGO® DUPLO® Train from station to station is any toddler's dream. Your child will play the role of the train driver, load cargo, build bridges, stop at crossings, help passengers, refuel, and lay new tracks to steer the train safely around obstacles.

OCTOBER:

[Tap-n-See](#) By Little Bear Sees  
Adorable hand-drawn images dance around the screen one at a time, appealing to a child's preference for movement. The use of a single image against a solid background helps eliminate visual clutter while the use of highly saturated colors makes the image easier to see. Touching the image results in a reward sound as the image grows in size.

NOVEMBER:

[My Very Hungry Caterpillar](#) By: StoryToys Entertainment Limited  
Now with Apple ARKit, the Very Hungry Caterpillar comes to life wherever you are. With Augmented Reality you can see the caterpillar and you can still see the world around you. Watch him appear in your living room, on your kitchen table, in your garden, or anywhere you want to play with him.

DECEMBER:

[Peek-a-Zoo](#) By: Duck Duck Moose  
An interactive experience that asks children to identify different animals who dance, eat, wag their tails, wear sunglasses, sleep and more. Children will learn about animals, emotions, actions and sounds.
