# UNLEASH YOUR IMAGINATION...HAVE **FUN** AT LEKOTEK TECHNOLOGY CAMP!

Lekotek provides a unique summer experience for children with disabilities, their siblings and/or friends.

Using computers, iPads, Osmo, Smartboard and Eyegaze technology

with diverse software, apps and input devices, campers benefit from independent and group activities.

Everyone experiences fun-filled, challenging activities that develop literacy, communication, fine motor, cognitive, and recreational abilities. Children with and without disabilities play and learn together in an environment that facilitates success.

Prior to registration, please discuss with your Lekotek leader if camp is appropriate for your child. Many children experience sensory overload when participating in large groups. Camp is most appropriate for a child who can attend to the computer for at least 15 to 20 minute periods.
